Starter Plan	Business Plan	Enterprise
29 € / month • Up to 15 employees • Standard QR codes • CSV export	79 € / month • Unlimited employees • Custom hotel branding • Tax export	Upon Request • API integrations • Multi-property (chains) • 24/7 premium support

* "Individual special conditions for social professions and solo entrepreneurs are available upon request."

Package Details & Features

- **Add custom features to the package list:** Include "Acrylic/Physical Stands Provision" and "Merchandise"
- **Strategic Note/Text:** *"Individual special conditions for social professions and solo entrepreneurs are available upon request."*

Checkout & Trial Phase Lifecycle

- **Button Text:** "Start 4-Week Free Trial Now" (Requires payment details upfront)
- **Direct Checkout:** Enable seamless online contract conclusion directly on the website.
- **Pricing Engine:** Adopt Madu's package/pricing proposal.
- **Auto-Renewal:** Automatic conversion from the trial phase into the paid contract, and automatic renewal of the subscription without the user needing to click anything.

Subscription & Cancellation Management

- **Cancellation Button:** Automatically display a "Cancel Subscription" button within the user settings, clearly showing the earliest possible contract termination date.

We offer two different contract models for our Hotel/Logistics B2B clients:

1. **Monthly Subscription (Flexible)**
 - **Billing Cycle:** Every 1 month.
 - **Commitment:** 1 month.
 - **Notice Period:** 1 month.

- *Meaning:* The client can cancel anytime, and the contract will end at the expiry of the current monthly billing period.
- 2. **Annual Subscription (Commitment/Discounted)**
 - **Billing Cycle:** Every 12 months.
 - **Commitment:** 12 months.
 - **Notice Period:** 3 months before the end of the 12-month period.
 - *Meaning:* If the client wants to stop the contract after the first year, they must click "Cancel" **at least 3 months before** the 12th month ends. If they miss this deadline, the contract legally automatically renews for another year (or moves to a monthly rolling contract depending on regional settings—for our SaaS, it auto-renews for the selected tier).
